

Data Sheet No:	1406051200FRISC-WH
Product Type:	RHIB
Product Designation:	1200 FRISC®-WH

Fully enclosed wheelhouse variant of the well proven and hugely successful 1200 Fast Raiding, Interception & Special Forces Craft (FRISC®) offering comfortable shock mitigation crew seating for up to eight (8) persons or six (6) plus a stretcher case in an air conditioned wheelhouse environment with optional welfare facilities, ballistic protection and speeds up to 48 knots.

Design Classification: EN ISO 6185-4 with Plan approval on craft structure and systems by RINA

Length overall: 12.00 m

Beam overall: 3.30 m

Hull material: Composite

Collar Type: Sectional Hybrid™ (foam protected)

Collar diameter: 0.55 m

Lifting/Launching: 4 Legged lifting sling

Self Righting: FISR® low profile self righting system

Seating Capacity: Maximum 8 Shock Mitigating

Maximum Payload: 1200 kg

Max Air Draft: 3.50 m

Min Draft: 0.70 m (Jet) / 0.90 m (Sterndrive)

Fuel type: Diesel

Fuel capacity: Up to 2 x 480 litres removable tanks

Area of Operation: Worldwide

Weapons: Up to 12.7mm

Navigation: GPS/Radar/Echo/MIL-GPS & MIL-AIS

Communications: Tactical /Marine/Crew

Ballistic Protection: Optional up to STANAG 1 / FB6 / NIJ3+

Options: Galley (Sink, Microwave & Fridge)  
WC Toilet  
Air Conditioning  
Cabin Heating  
AC Generator  
Office Area

Propulsion Option 1: Twin Inboard Diesel Sterndrives

Engines 1: 2 x Volvo D6-370DP

Power 1: 2 x 370 hp

Drive 1: 2 x Sterndrive

Weight 1: 7000 kg lightships

Max Speed 1: 40 knots

Endurance: 8.0 hrs @ 40 knots

Range: 300 nm @ 40 knots

Propulsion Option 2: Twin Inboard Diesel Waterjets

Engines 2: 2 x Volvo D6-435IB

Power 2: 2 x 435 hp

Drive 2: 2 x Waterjet

Weight 2: 7250 kg lightships

Max Speed 2: 38 knots

Propulsion Option 3: Triple Inboard Diesel Sterndrives

Engines 3: 3 x Volvo D6-370DP

Power 3: 3 x 370 hp

Drive 3: 3 x Sterndrive

Weight 3: 8000 kg lightships

Max Speed 3: 48 knots
